## TO WHOM IT MAY CONCERN

SB Projects fulfilled an extremely tight client brief in terms of timing, design specification and budget in successfully delivering the display suite for the Lighthouse residential development at Burwood in late 2016.

Bryan and his team displayed a complete attention to detail and worked closely with the architects in order to fully resolve and deliver all design elements to the highest standard for the display suite.

The attitude of full ownership of the project in all its elements and "can do" approach displayed throughout the project by Bryan and his team made it a pleasure to work with SB Projects. We look forward to working with him again.

We would thoroughly recommend Bryan and his team at SB Projects for such projects.

Yours faithfully

**CAVERSTOCK GROUP PTY LTD**
