## **Renovations with SB Projects**

We chose to use Bryan and his team from SB Projects to renovate our office.

From start to finish they did a fantastic job working with us to understand our needs and there was great communication throughout the entire process. The team was great at taking control of the whole process to make it as easy for us as possible.

It was important for us to continue to work as normal during the renovations. Therefore, they completed the renovations on the weekends and after work hours, so we could continue to work during the week. They have great attention to detail and completed the work exactly as promised and at a very high standard. We were actually surprised at how much they were able to get done on the weekend. They even ensured everything was cleaned before we came back in on Monday.

We would 100% work with SB projects again and highly recommend them for any renovation work.

Stephen Moir Director
